Cagle, Sequatebie Co., Tenn., Sept. 1st, 1891.

Ulio

For two or three years I have been collecting tree and ships seeds for Nur-serymen, on a small scale. Last year I sold large quantities of our native tree and shrub seeds. About July 1st, last, I sent out a number of postal pards with prices of some seeds. I have received so many replies and orders from old at well as new customers, that I have decided to revise and send out another and a larger list.

REMEMBER, I send all seeds prepaid, and to firms in good standing or mon giving good references, I will ship, with bill, same to be paid when seeds are received. I guarantee good fresh seed, true to name, and it shall be my atmosp lease my environment. Orders received and bearing now.
